

Laura Cella is a Claims Manager, managing complex cyber claims at Beazley. She handles a variety of data privacy and cyber security matters for public and private entities, and guides Beazley policyholders through comprehensive responses to data breaches, as well as the liability and regulatory actions that stem from those breaches. Prior to joining Beazley in January 2018, Laura spent 11 years working in Personal Lines insurance at a large insurer, working in various roles including claims adjuster, quality assurance specialist, business analyst, and team manager.
